

## Application form 2

This form is used to apply for accreditation or renewal if the applicant is **not** a civil or college engineer specialising in building technology in accordance with the provisions of BR 08, Appendix 3, section 3 B.

Applications should be submitted to: Danish Society of Engineers (IDA)

Kalvebod Brygge 31-33

DK-1780 Copenhagen V

Denmark

F.A.O.: Accreditation Scheme for Structural Engineers

Name: \_\_\_\_\_

Position (insert an X): Employed\_\_ Self-employed\_\_

Year and specialism: \_\_\_\_\_

Company: \_\_\_\_\_

Business address: \_\_\_\_\_

Postcode/Town or city: \_\_\_\_\_

Country: \_\_\_\_\_

Business tel.: \_\_\_\_\_

The materials mentioned below must be enclosed for use in case processing by the Accreditation Committee. See also the guidance and provisions in BR 08, Appendix 3, section 3 B.

I, the undersigned, am applying for:

### Accreditation

- An independently prepared project, incl. summary report, cf. section 3 B 1.
- Declaration from the applicant regarding which cases he has submitted to the building authorities within a period of at least five years, cf. section 3 B 2.
- Documentation that the applicant has, for at least the past five years, been engaged in performing static calculations and for at least two years has worked independently and reasonably, cf. section 3 B 3.
- A signed declaration, cf. section 3 B 5.

### Renewal

- Information on which cases the applicant has submitted to the building authorities within a period of at least three years, cf. section 3 B.

I, the undersigned, am familiar with the IDA's rules relating to the Accreditation Scheme for Structural Engineers for load-bearing structures within residential, institutional and industrial construction, and hereby declare that I shall abide by these rules, including sitting a test, cf. section 3 B 4.
